6) **Total # of Interviewees Referred:** For the period from September 22, 2017, through September 21, 2018 this Employment Unit interviewed 23 interviewees for full-time job vacancies.

7) **Supplemental Recruitment Initiatives.** List and briefly describe the Supplemental Recruitment Initiatives undertaken during the period covered by this Report.

(a) Initiative: Job Fair.

- KITI-AM & FM's Station Manager attended the Centralia College Job Fair on May 2nd, 2018. This is the only Job Fair that occurs in all of Lewis County, and our Station Manager met and spoke with over 50 students during the 3 hour event.

(b) Initiative: Programs Sponsored by Education Institutions Relating to Career Opportunities in Broadcasting.

- KITI-AM & FM provide Job Shadowing opportunities to local high school students on an on-going basis, throughout the year. Through the job shadowing experience, the students were provided information regarding production duties, station logging, sales, and the day-to-day operations of a radio station. The students also learn about career opportunities in broadcasting.

(c) Initiative: Participate in Events Sponsored by Organizations Representing Groups Present in the Community

- A minimum of once per year, KITI-AM & FM's Station Manager takes local Boy/Cub/Girl Scout Troops on guided tours of our facility. Den Masters encourage the children to ask questions about how to become a broadcaster, and the different jobs at a radio station. This is sometimes part of earning a Communications Merit Badge.

(d) Initiative: Internship program

- KITI-AM & FM have an ongoing an internship program open to college students, and interested individuals. Participants acquire knowledge of the skills and attributes required for employment in broadcasting. The program provides a broad overview of the different departments in the radio station and the associated responsibilities. The program allows interns to get firsthand knowledge of the functions of a radio station and exposure to the skills necessary for employment in the broadcast industry as they make their career selections. Specifically, the interns gain experience dealing with the ongoing operation of a radio station, gain experience in working with station staff in community outreach programs and gain on-air experience. One student participated in the program during the reporting period.
